## Assembly instructions for: **THE ULTIMATE BBQ TABLES**

Thank you for purchasing Forever Redwood patio furniture. Forever Redwood is built by Old-Growth Again Restoration Forestry (OGA). OGA is dedicated to restoration forestry. Sales of patio furniture finance our restoration work in California redwood forestlands.

**Content of Boxes**

Quantity	Description	Drawing
1	Tabletop	
4	Legs	
1	Shelf	
4	5/16 x 6 1/2" Carriage Bolts, washers and nuts	
4	5/16 x 4 1/2" Carriage Bolts, washers and nuts	
4	5/16 x 6" Carriage Bolts, washers and nuts	

The parts that go together have the same numbers written next to the predrilled holes they attach to. Align the parts with the numbers as shown for ease of reference

**Tools required:** 1/2-inch ratchet and a mallet or small hammer.

**Step 1:** Turn your tabletop upside down and attach one leg with 2 carriage bolts, washers and nuts. Make sure the numbers on the legs match up with the tabletop's underside. Align the leg to the predrilled holes, tap the bolts all the way in (set the bolt into the wood), add a washer and tighten the nut. Repeat this step for the other 3 legs.

**Step 2:** Carefully turn the table around. Be careful not to place all the weight of the table on one leg – the table is very heavy and can damage the point where the leg attaches if too much stress is placed on that point.

**Step 3:** Attach the shelf to legs with one bolt (5/16 x 6”) per leg. Repeat this step in case your table has 2 shelves.

Thank you. If you have any questions, please call or email us.
