CONTENT OF BOXES

QUANTITY	DESCRIPTION	DRAWING
1	Seat	
2	Legs	
2	Base of legs	
Depending on size	Hardware: Bolts	Bolts, washers and nuts 

ASSEMBLY INSTRUCTIONS

Thank you for purchasing Forever Redwood patio furniture. Forever Redwood is built by Old Growth Again Restoration Forestry (OGA). OGA is dedicated to restoration forestry. Sales of patio furniture finance our restoration work in California redwood forestlands. Tools required: ½-inch ratchet and a mallet or small hammer.

Unpack your rocking horse and make sure you have all the parts. The parts that go together have the same numbers written next to the predrilled holes they attach to. Align the parts with the numbers as shown for ease of reference.

STEP 1: Attach the front legs to base of legs with two bolts 3 ½" x 5/16", washers & nuts, Match this number to the number written next to the pre-drilled holes on the interior edge of the center member of the side of the bench. Tap the bolt all the way into the wood to set it. Then add a washer and nut and lightly tighten. Repeat this step to attach the other sides.

STEP 2: Attach rear legs to seat with two bolts 4" x 5/16", washers & nuts. Repeat this step to attach the other sides

Thank you. If you have any questions, please call or email us.
