ADVANCED OPTIONS

FINISH OPTIONS

All our furniture ships finely sanded to 220 grit for a smooth to the touch finish.

The most popular finish is our Transparent Premium Sealant. This sealant leaves your furniture looking natural and helps keep the beautiful wood surface colors from fading for several years. We use Sikkens brand finishes because they are the best finishes on the market.

Transparent Premium Sealant - Recommended for Outdoors:

Below are the 5 grades of wood we offer with the Transparent Premium Sealant applied. The color tones shown are close representations of the color your furniture will look like. There is no extra charge for the Transparent Premium Sealant:

Redwood
(15 yr Warranty)

**Mature
Redwood**
(20 yr Warranty)

**Old Growth
Redwood**
(30 yr Warranty)

**Mosaic Eco-
Wood**
(10 yr Warranty)

Douglas Fir
(10 yr Warranty)

We also offer the Transparent Premium Sealant with the following stains added. There is a small charge for adding these stains:

Stains with Premium Sealant (Coffee and Cherry):

COFFEE STAIN CHERRY STAIN

Unfinished:

If you are applying your own stain or want the surface color to fade to a "weathered look" in a few months.

Off-White Oil-Based Primer:

If you are painting a light color. We apply two coats so that it is ready for one final coat.

Gray Oil-Based Primer:

If you are painting a darker color. We apply two coats so that it is ready for the final coat.

Wax Finish - Recommended for Indoors:

If your furniture is for indoors, we recommend the Wax finish. Your furniture will ship with 2 coats of Howard's

Feed 'N Wax. Without maintenance the finish becomes a beautiful patina. With minimal care, the finish gets richer and more beautiful year after year.

Custom Stain:

If you need a specific stain, let us know.

MATERIALS

- The secret to outdoor longevity begins and ends with the wood. We use generous amounts of the most decay resistant wood available. We encourage our customers to compare photos of our items side by side with any competing product. Thickness counts. Furniture that is thin and light simply won't last in the year round weather.
- To keep your furniture beautiful, we use only stainless steel hardware and the highest quality stains and sealants. We use only the Sikkens brand of sealants.
- Our primary customer has always been the homeowner that appreciates spending a bit more for quality that will last decades.
- Our products are installed with organizations that appreciate longevity like the U.S. Forest Service, U.S. military installations, State and City parks, golf clubs and hotels.
- We are favored by many landscape architects and contractors because they can count on exceptional quality and quick personal service to complete projects.
- We build each item by hand. This insures your set is finely finished and carefully inspected. Old-fashioned hand building also allows us to adjust the size or design of any item to fit your needs.
- Because we are a forestry company, we can offer 5 exceptional wood grades to choose from our carefully managed forests with warranties of up to 30 years against decay in any weather.

ASSEMBLY AND CARE

You can see the Assembly instruction for Sheldon's Monkey Bars on our website and they are included with the shipment.

Assembly: All you need is a ratchet wrench and a hammer.

Our furniture is preassembled in our wood working shop to ensure reassembly is a snap. La Playa Sandboxes require only a ratchet wrench and a small hammer to tap in the bolts.

All parts are clearly labeled and detailed step by step instructions are included. They can easily be re-assembled by one person. To download assembly instructions for any of our items, please go to: Assembly

Care: Your Forever Redwood Furniture will last for decades in year-round weather without maintenance.

Depending on the wood grade you choose, even with harsh year-round outdoor conditions, you can expect your furniture to last from ten to forty years without maintenance of any kind.

Being outside year round is rough on any woods finish. The surface absorbs UV rays, pollution, constant variations in moisture and temperature and it also oxidizes. This is why most wood just doesnt hold up and the surface color slowly changes towards a silver patina over the years. But, with Forever Redwood, you dont have to worry. The silver patina is surface deep only (less than 1/64") and is not indicative of decay. Your set will last decades and is not compromised in any way by the surface color change. For example, we keep our display items as is without refinishing to show off this natural aging (we like the patina!).

Although Forever Redwood is maintenance-free, we recommended you take a few minutes as needed to clean by either hosing down and/or brushing/dusting away accumulated debris (no soap or chemicals needed). If you'd like to keep your set looking its best for decades, please go to: Care and Finish
